Percussion	12/1	Wed. 12/2	4:30pm	Ensemble Rm

100% Virtual Students

You will submit the first part of your audition like everyone else. If you would like to submit a recording of the other cuts for Wind Symphony you may do that as well.

What are you being evaluated on?

This playing portion of the audition is simply that. A portion of what goes into consideration for band placements. We also consider your demonstrated work ethic, attendance, grades, and overall attitude as well.

Since the spring semester has more of a focus on music literature and ability for UIL, we will also take into consideration if a student is able to double block band for placement in the top band. We will also look at if a student is virtual, in person, or hybrid. It is tough to put together a challenging, engaging, program with college level literature if students are not there, or the ensemble never rehearses with everyone together. Now, these factors don't make it impossible to make the top band, but they are considered.
